New Business

- 4. Niblack talked to the board about looking at the special assessment and possibly start making a plan to increase the assessment. Niblack informed the board that the last time it was increased was 2003 and prior to that 1981. Niblack thought with the cost of business increasing annually that it would be a good conversation to have to stay ahead of any future budgetary shortfalls. The board agreed and asked that staff put together a list of upcoming increases and or district needs that staff could foresee and bring the conversation back to a future meeting.*
- 5. The District update was given by Nunes, Nunes talked to the Board about service request and how Irrigation in the north county had slowed due the wet cool weather we had. Nunes also informed the board that he had been pre treating several pastures and delivering mosquito fish. The board asked if we had all the seasonal employees lined up and Nunes said that all the seasonals were returning with the exception of one. Nunes also added that the districts fire extinguishers were on the schedule to be recertified.*
